

Welcome to

# YourHealthLink

Connecting You To Your  
Personal Health Record.

What is

## YourHealthLink

**YourHealthLink** gives Harrison County Hospital patients convenient online access to portions of your electronic medical record (EMR) anytime, day or night. Whether you're at work, on the road, or at home, you can view some of your lab results, appointment information, medications, immunizations, allergies and more. All information is stored securely.

**YourHealthLink** also provides a convenient method of communication with your physician's office. Send **non-urgent** messages or request appointments from your computer or mobile device.

## What YourHealth Link Means To You?

### View portions of your medical information online:

- Review your medications, immunizations, allergies, and medical history.
- View your health profile and visit summaries.

### Stay in touch with your physician's office:

- Communicating with your Harrison County Hospital physician's office is as simple as sending a request for medical advice.
- **YourHealthLink** is not an email system, but you are able to securely send a **non-urgent** message to your physician or nurse. It should not be used to communicate immediate medical concerns.

### Manage your appointments:

- Request appointments online.
- View details of your past and upcoming appointments.

### Access family members' medical records:

You can be granted "proxy access" to view other family members' medical records. Consult with your physician or an office staff member to learn more about proxy access.

### Peace of Mind

We've taken extra steps to ensure that your private health information remains confidential. Your records are safe from unauthorized access because **YourHealthLink** is password-protected and information is delivered via an encrypted connection.

### How do I get access?

In order to access **YourHealthLink**, you will need an email invitation or activation code.

1. At your next visit with a Harrison County Hospital physician or upon admission as an inpatient, we will obtain your email address and email you an invitation to join **YourHealthLink**.
2. Visit [www.hchin.org/YourHealthLink](http://www.hchin.org/YourHealthLink) for instructions on how to join Your Health Link.

### To activate YourHealthLink

Once you receive your email invitation to join **YourHealthLink** at the email address provided during registration, you can get connected by following these simple steps:

1. Access the link in your email "**Accept Invitation to YourHealthLink.**" **YourHealthLink** can be accessed from a computer, tablet or mobile device.
2. Follow the steps outlined on the page.
3. You will be given a four digit temporary password to use to log in for the first time. You will be asked to create a unique username and password for future use.
4. Don't forget to sign-up soon; this email invitation will expire after 90 days. If you need to receive a new email invitation, inquire at your next physician office visit, or visit [www.hchin.org/YourHealthLink](http://www.hchin.org/YourHealthLink).

After you're connected, visit [www.hchin.org](http://www.hchin.org) to continue interacting with **YourHealthLink**.

**Important:** YourHealthLink is not to be used for urgent needs. For medical emergencies, dial 911.
