West HS	A94	8.1734	\$113,088.99	WARREN CENTRAL HS	Malone, Kristen

The Stock Market Game™ is a national program of the Foundation for Investor Education and is offered in Kentucky by the Kentucky Council on Economic Education (KCEE). It is an interactive, interdisciplinary program for students in grades 4-12 (and college) to learn about economics, finance, and our American economic system. The program is offered each Fall and Spring. Over a period of 14 weeks, teams of students research companies, make investment decisions, and create their portfolios, investing \$100,000 in imaginary money in stocks and mutual funds. Teams are ranked on equity in portfolio. Teachers are provided with educational resources to teach students about investing, capital formation, the stock market, and the economy. Student teams compete against other Kentucky teams statewide and across local regions for prizes.

**For Spring 2008, 779 teams of 2751 students and 88 teachers participated in our Stock Market Game competition.** (Another 384 teams of 1,628 students and 61 teachers took part in the Take Stock in Kentucky competition this Spring, with Indian Hills Elementary in Christian County taking first place in the state.)

Winning teams held a diversified selection of stocks, with the top ranked teams holding winning stocks like, Baidu ( a Chinese search engine) – BIDU; First Solar (solar panels)- FSLR; Xerox - X; Bucyrus Intl (mining equipment) – BUCY; Industrial Services of America - IDSA; Ford – F; and Mosaic Intl – (crop nutrients) – MOS.

Stock Market Game awards include: 1st place prize of \$300, 2nd place of \$200, and 3<sup>rd</sup> place of \$100 to be used by the school, class, or team, plus \$50 for a class pizza party. The first place state awards team from Tates Creek HS will receive class trophies and medals at the KCEE Awards luncheon on June 26 at the *Life Fundamental* Financial Literacy Summit.

The top 10 teams in the state will all receive Stock Market Game Winners Tshirts. The top team in each region will also receive a check for \$50 for the team or class.

*"They see that the concepts we're learning have real-life applications. Making those connections makes them more eager to learn."* Kim Code, teacher

*"Keeping up with their portfolios enabled (my students) to practice math skills and learn some valuable information about business. I have no doubt their math, social studies, and practical living skills were enhanced through this program!"* Traci Gillock, Teacher
